SAMARITAN CENTER

The Path to Wellness

INFORMATION ABOUT CENTER SERVICES

Welcome to the Center and thank you for choosing to use our services. It is important for you to be informed about the nature of psychotherapy, the policies and procedures governing the help you will receive here, the fees for our services, and your rights as a client. In this package there is a place for you to sign, indicating your general consent to treatment. If you are a veteran, active service member, spouse, surviving spouse, or child of a veteran or active service member (including, of course, step-children, and foster children), please let us know. We have many resources and discounted services for military families through our Hope for Heroes program.

Psychotherapy: "Counseling" and "psychotherapy" (therapy) are often used interchangeably to indicate forms of psychological help that address various kinds of personal and family distress (e.g., depression, anxiety, marital conflicts). The goals of therapy range from the relief of symptoms to significant life change as one gains a better understanding of personal, interpersonal, and social circumstances.

The Center's clinical staff is comprised of Licensed Professional Counselors (LPC), Licensed Clinical Social Workers (LCSW), Licensed Marriage and Family Therapists (LMFT) and a Clinical Psychologist. We also employ Licensed Masters Social Workers (LMSWs) working toward advanced licensure as well as pre-graduate master level interns completing their final practicum before graduation. All staff work within the standards and ethical guidelines of state licensing laws, professional associations, and the national accreditation standards of the Samaritan Institute.

Therapy Process: Therapy begins with an *intake interview* to evaluate your needs and difficulties. Your therapist will work with you in determining the best course of treatment. Therapy has been shown to have many benefits (e.g., better relationships, solutions to specific problems, significant reductions in feelings of distress). Progress in therapy depends on several factors including regular attendance, talking openly with your therapist, motivation, effort, and life circumstances.

You and your therapist will decide together when your therapy is complete, but you may choose to withdraw at any time. If you decide to withdraw, it is recommended that you have at least one final appointment with your therapist rather than terminating by telephone, e-mail, or by not showing up. Periodically during therapy, you will be asked to complete a survey about your progress. Your answers are used to make adjustments to the therapy process and to assist the Center in assessing the strengths and weaknesses of our services.

The Samaritan Center believes in a spiritually integrated approach to treatment and we have expertise in including your faith/spiritual beliefs and practices as a part of the therapeutic process. It is our philosophy to work within your own belief system. Our therapists will not impose their personal beliefs upon you and will include discussion of spirituality/religion/faith in accordance with your expressed wishes.

<u>Your Rights as a Client.</u>

You have all of the rights established by the State of Texas governing clinical practices. These include:

- The right of consent to treatment,
- The right to seeking disclosure from your therapist about his or her qualifications,
- The right to requesting a different therapist,
- The right to end treatment at any time,
- The right to access the client grievance procedures,
- The right to have your clinical record kept private (see "Confidentiality" below),
- You also have the right to have any tests, procedures, and recommendations explained to you in simple terms, and you have the right to refuse such tests, procedures, or recommendations.

Confidentiality: What you tell your therapist will be kept confidential and will not be revealed to other persons or agencies without your written permission, except when mandated by state and federal statutes, court order, or as part of the professional practice of this Center. We believe in an integrated approach to wellness and may share information about you to other medical and/or mental health providers within or outside of the Center in order to maximize your treatment outcomes. For further information, please see our *Notice of Privacy Practices* and *Privacy Practices Acknowledgement,* and you may request a copy. Feel free to ask for clarification about anything you do not understand. Your privacy is very important to us, and we want to do everything possible to protect it.

Fees and Payment: In addition to accepting most major health insurances, we also offer private pay. Initial counseling session fees range from $150-175. Fees for ongoing sessions range from $125-175, dependent on the credentials of your therapist, for a 53+-minute session. If you cannot afford the regular fee, the Center may adjust your fee taking into account your income and number of family members. Proper documentation is required. We can provide a superbill if you wish to see a provider that does not accept your insurance. Payment of your agreed upon fee is due at the time of your appointment unless prior arrangements have been made. We accept cash, check or credit card.

Returned Checks: A $30 fee is charged on all checks returned for non-sufficient funds.

Insurance and Other Third-Party Payments: If you wish to use insurance or other third-party coverage (managed care organization or employee assistance program) to pay for therapy, you are responsible for providing the Center with accurate and complete information. The Center does not guarantee that your insurance or other coverage will pay your claim. You are responsible for the account balance and for deductibles and co-payments required by your insurance or third-party payer.

Insurance & Confidentiality: Please be aware that your contract with your health insurance company requires that the Center provide the company with information relevant to the services you receive. At a minimum, we are required to provide a clinical diagnosis. Some companies require additional information such as treatment plans, summaries, or copies of your entire clinical record. We make every effort to release only the minimum information necessary for the purpose requested. This information will become a part of the insurance company files. Though all insurance companies claim to keep such information confidential, we have no control over what they do with your private information once it has been released.

Appointments and Cancellations: **If an appointment is missed or cancelled with less than 24 hours' notice, you will be charged for that session.** We would prefer that you give us 48-hour notice of cancellation so that we may schedule someone else in that appointment time. This charge is not covered by insurance. If you use insurance, you will be charged a $50 cancellation fee for a missed appointment or late cancellation. If you are paying privately, you will be charged the fee you normally pay for a counseling session **(minimum charge of $20 and maximum of $50 for a missed appointment or late cancellation). If you are in our Hope for Heroes Program, there is a $25 fee for late cancellations or missed appointments.** While we understand that situations may arise, as a nonprofit organization, it is our goal to prevent no-shows that deter our timely care to *all* clients, therefore, **sickness without documentation may not be a valid excuse for cancelling without a 24-hour notice.** All cancellations fees must be paid upon your next visit. If you miss an appointment two weeks in a row or twice in one month, you may lose your recurring appointment time. If you miss or cancel three visits, we reserve the right to terminate services. We ask for a two-week notification of your plans to terminate treatment.

Legal Proceedings: The staff of the Center does not provide testimony in legal proceedings, including custody evaluations. However, if you choose to subpoena your therapist, you agree to pay for any required preparation time, for your therapist's time out of the office, and for travel at **a charge of $300 per hour.**

Email Policy: We cannot ensure the confidentiality of information shared over email. Email is not a recommended form of communication with a therapist or staff member at Samaritan Center.

Emergencies: If you are a current client and have an urgent concern during business hours, we will schedule an appointment with your counselor or an available therapist as quickly as possible. **If you are experiencing a life-threatening emergency or you or a loved one are at immediate risk of harming yourself or someone else, call 9-1-1 or got to your nearest emergency room.** Talk to your therapist if you believe you will need additional support after business hours.

Local emergency mental health resources (available 24 hours a day) are as follows:

National Suicide Hotline/Veteran Crisis Line:	1-800-273-8255.
Travis County Crisis Line:	512-472-HELP (4357)
Hays County Emergency Crisis Line:	1-877-466-0660
Williamson County Crisis Line:	1-800-841-1255

After-hours messages can be left on the Center's voice-mail system at 512-451-7337, but **do not leave an urgent message since these messages may not be reviewed until the next business day.**

Grievances: You are encouraged to talk first with our staff about any concerns you may have about our services; however, if you prefer, you may file a formal grievance with the Clinical Director within 45 days of the time you become aware of a problem. We will investigate and attempt to resolve it within 30 days. If the problem is not resolved, the Center's CEO will investigate and prepare a written decision within 10 days. You may appeal the CEOs decision directly with the Center's Board of Directors within 14 days. The decision from the Board of Directors is final. You will not be threatened or penalized in any way for presenting your concerns informally by talking with staff, or formally by filing a grievance.

Consumer Complaints: To make a complaint against a counselor, you may fill out a written complaint form with the Texas Department of State Health Services. For more information, please visit www.dshs.texas.gov/plc/plc_complain.shtm or call 1-800-942-5540.

Child & Adolescent Therapy Policies

As a community mental health clinic, our responsibility and goal are the well-being of our clients. In the case of a child as the primary client, it is essential that parents and/or legal guardians are in an agreement as to the decision to treat, the treatment goals, appointment times and the need to maintain client confidentiality, in accordance with their legal rights and any court-ordered custody documentation. As a result, it is the policy of the Samaritan Center that all minors presented for treatment have the following authorization and consent on file.

Please check box most appropriate:

☐ **1. Both Legal Parents/Guardians Consent to Treatment**

- Both legal parents/guardians agree to the treatment and providing of mental health services for their child and will indicate their consent below.

- If the biological or legally adopted parents are currently separated or going through the divorce process, both parents are still required to sign a Consent for Mental Health Treatment Form before the child can be treated.

☐ **2. Independent or Exclusive Right to Consent:**

- There is an official certified divorce decree or a legal custody order that indicates that only one parent is legally permitted to determine and decide on mental health treatment of the child without the consent of other parent (In this case, please provide us with a copy of this legal document in its entirety).

☐ **3. Missing or Deceased Parent**

- The parent presenting the child for treatment has no access to other parent due to the following reasons (death, in prison, missing, has left and made no contact, etc...) and therefore will affirm that they are the sole primary care taker of the child for mental health treatment, have the legal authority to provide and will bear all responsibility for such consent.

☐ **4. Parent on Military Deployment**

- When a parent is on military deployment, a Family Care Plan and/or Power of Attorney form that outlines a custodial parent's right to consent for treatment will be accepted in lieu of the deployed parent's written consent. Notarized Statements (see below) may also be used. Where possible, the SC therapist will attempt to contact the deployed parent/guardian and document said attempts.

***PLEASE NOTE: If you checked box # 2, 3 or 4, there will be an additional form to sign upon check-in for initial appointment.**

Therapist Involvement in Conflict and/or Court Proceedings

The therapeutic process is a team approach, especially in the case of a minor child. The following informed consent states that each parent, and/or any legal guardian with legal authority to make health care decisions of the child, will agree to these terms and communicate effectively with each other as well as with the providers involved to create a supportive and conducive environment for treatment.
Although our responsibility to your child may require our involvement in conflicts between parents and guardians, you agree that our involvement will be strictly limited to that which will benefit your child. This means, that you each agree as a condition of us treating your child that:

- If you choose to begin legal proceedings of any kind (including but not limited to divorce and custody disputes, work-related injuries, lawsuits, etc.), you agree that neither you, your attorneys or anyone acting on your behalf will subpoena records from your provider's office or subpoena your provider to testify in court or in any legal proceeding. By your signature below, you specifically agree to abide by this condition of treatment.

- Our role is limited to providing treatment and the provider will not provide custody evaluations or recommendations or legal advice, as these activities are not within the scope of the provider's practice.

- You understand that in the event that a provider is subpoenaed to provide records or testimony in violation of this agreement, The Samaritan Center reserves the right to terminate the professional, therapeutic relationship immediately and refer you to other mental health providers.

- If there is a court appointed evaluator, and if appropriate authorization forms are signed, or a court order authorizing disclosure of treatment records is sent to us, we will disclose the requested treatment and general information about the minor, but we will not make any recommendations concerning the child's custody or custody arrangements, unless otherwise ordered by a court.

- In the event that a provider is subpoenaed to provide records or testimony in violation of this agreement, you acknowledge and agree you will pay for all of the provider's professional time, including preparation and transportation costs, even if the provider is called to testify by another party. For providing services in any legal matter, the provider's hourly fee is $300 per hour. The provider will charge this rate for preparation time related to any legal proceeding, travel time from the provider's office to the location of the proceeding, and all time spent in attendance at any legal proceeding. No refunds will be given within one week of the court date if the hearing is cancelled or rescheduled, since counseling appointments with other clients would have been cancelled or rescheduled to accommodate the court appearance.

Healthcare Coordination Form

Client Name: ___________________________Date of Birth _________________

Client: Research indicates there is a close relationship between physical and mental health and that better treatment outcomes will be achieved if your therapist and your primary care physician coordinate your care. Many physical complaints are rooted in psychosocial issues and physical symptoms can be signs of mental stress. This coordination and consultation is especially important if you are on medication. Medication may have side effects that could affect your mood, ability to concentrate and fully participate in therapy. This form is to give your consent to consult with your psychiatrist, primary care physician, nurse practitioner, or other providers to ensure you receive the best possible care from the Samaritan Center. Most insurance companies require coordination of care with all appropriate behavioral health and medical providers.

Please check one. *We encourage you to allow us to coordinate care with your medical providers***:**
