See you next year!

## Minority Mental Health Month

July is Minority Mental Health Month. Samaritan Center is acutely aware of how disparate services are for biracial, indigenous, people of color, and other minorities. It is critical that resources and support are available so that they can thrive.

Samaritan Center is [committed to caring](#) for the whole community and seeking out vulnerable, at-risk and marginalized populations who do not have equal access to care and resources.

Join us in celebrating Minority Mental Health Month this July.

### Vision

We envision a healthy and compassionate community in which every individual achieves mental, physical, spiritual and social well-being.

### Mission

We heal hearts, provide hope and enhance lives with a holistic approach to mental health for all ages, whole families and the military community.
